

Payroll outsourcing provides stress-free results for Aldens

Customer Profile

Tim Baker is the Finance Manager at Aldens Specialist Catering Butchers in Oxford. Established in 1793, Aldens is a family owned business which has been supplying a range of businesses with fresh meat, game and poultry for nearly 225 years.

Business Challenge

With around 70 employees all paid on a monthly basis but on both hourly and salary-based pay periods, Tim found that one of Aldens' biggest financial challenges was collating their payroll information and getting it up-to-date for each pay period.

Solutions Used

IRIS Managed Payroll
(Including auto enrolment service)

We recently spoke with Tim Baker, Finance Manager at Aldens Specialist Catering Butchers to find out about the IRIS Managed Payroll service to see how it has helped the business grow.

IRIS Managed Payroll is a comprehensive payroll outsourcing service which is compliant with the latest legislation. The service utilises our extensive knowledge in payroll, built up from over 30 years of experience in the industry.

Having outsourced, Aldens benefited from a stress-free payroll process. Tim explained that **“as long as your relationship with the payroll company is good, and ours is good with IRIS then outsourcing your payroll takes a lot of the heat away.”**

One aspect Aldens particularly like about the IRIS Managed Payroll service is, as Tim told us, **“having someone there to guide you through the payroll process, it gives us a lot of confidence; you pass over the stress and hassle.”** The service deals with aspects such as auto enrolment and holiday pay, as the service is a complete external payroll solution for your business.

Compliance

IRIS Managed Payroll helps with legislation compliance.

Trust

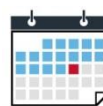

Aldens trusts IRIS Managed Payroll in part due to our reputation built up from over 30 years dealing with payroll.

Communication

Aldens sees benefits from communication between the business and IRIS.

Time-saving & Efficiency

Aldens save around a full days' worth of work every month because they outsource their payroll with the IRIS Managed Payroll Service.

Introducing IRIS Managed Payroll

Having over 70 employees who are paid on either a salaried or hourly basis, Aldens opted to outsource their payroll to IRIS to take the hassle out of paying their staff.

The IRIS Managed RTI Payroll service takes responsibility for processing and managing your payroll data while answering your employee queries and liaising with third party agencies such as HMRC, Pensions Providers and Local Authorities, to provide required information.

Confidence

Aldens have a lot of confidence in IRIS to get their payroll right. **“Our relationship with IRIS is good, and we’ve never been let down”**, Tim told us.

IRIS use the latest payroll technology which is regularly updated to help ensure that your payroll is done properly every time.

With over 30 years of specialist payroll experience, your business can be confident that IRIS understand all aspects of running payroll.

Time Saving Benefits

Aldens **“saves between several hours to a full days’ worth of time each month because of the outsourcing”** of payroll. He went on to explain that **“there is a great dividend in saving several hours’ worth of work, as it’s time that I can then spend on other matters.”**

He went on to explain that keeping up-to-date with the “constantly-changing legislation, stationery aspects such as payslips and auto enrolment communications, and the possibility of printers and IT going down” are just three of the biggest advantages of outsourcing their payroll. By outsourcing to IRIS, Aldens pass over the hassle of payroll over to IRIS, we then help ensure that any changes in legislation are accounted for. Tim went on to mention that knowing that someone else is dealing with his payroll is **“a huge weight off our shoulders.”**

How the IRIS AE Suite™ helps

Aldens have also taken advantage of the IRIS AE Suite™ to manage their auto enrolment needs. The organisation staged for auto enrolment in August 2015 and have found that having the IRIS Managed Payroll service look after their auto enrolment responsibilities is **“a great help.”** Tim spoke about how his first thought when he heard of the workplace pension reform was to wonder about how much extra work the new rules would entail. The IRIS Managed Payroll service helps Aldens meet their auto enrolment responsibilities, and Tim stated that this is **“a huge help”** to know that it’s all being taken care of.

Tim finished by stating that he would recommend the IRIS Managed Payroll service, **“It offers value for money, and I’ve been impressed with IRIS.”**

IRIS Managed Payroll Service

If like Aldens you could see the benefits in outsourcing your payroll, get in touch today on 0843 357 1882 and find out for yourself how the IRIS Managed Payroll service can benefit your business.

Additionally, you can request an IRIS Managed Payroll quote [here](#).

“There’s a great deal of peace of mind in the knowledge the payroll company is going to be keeping up with legislation.”

“I wouldn’t be surprised if IRIS Managed Payroll saves me a full days’ worth of work each month.”

“Our relationship with IRIS is good and this takes a lot of the heat away.”

“I would recommend the IRIS Managed Payroll service, I would say that it gives you value for money and takes the pressure of dealing with the payroll in-house away.”
