

IRIS GP Payroll

Simple, accurate and reliable payroll software for GPs

IRIS GP Payroll is comprehensive, user-friendly and is used by more than 5,300 UK practices.

Developed by a GP specifically for UK practices, IRIS GP Payroll handles all of the NHS Pension Scheme requirements. The software also provides a central location for storing important employee records for areas such as training, annual leave and health & safety.

Reliability

More than 5,300 satisfied GP practices rely on IRIS GP Payroll to run their payroll. It is designed to be user-friendly so it's quick and easy to learn, and no previous payroll experience is necessary.

Unique functionality

Unlike other off-the-shelf payroll solutions, IRIS GP Payroll handles all of the NHS Pension Scheme requirements as well as providing extra facilities for salaried doctors. It also includes built-in wizards for the Whitley Council/Agenda for Change contractual maternity pay.

FREE access to online practice tools and support

To support your practice even further you can access IRIS Online for GP Practice Managers: www.iris.co.uk/gponline This interactive, online resource is designed exclusively for GP Practice Managers. It provides you with the opportunity to network and find lots of information, tools and advice.

Integrate and save more

IRIS GP Payroll integrates with IRIS GP Accounts to save you time. The unique 'paylink facility' provides an easy way to import your payroll information directly into your accounts system, quickly and accurately.

Easy to use payslips

Payslips that fit perfectly with your IRIS GP Payroll software are also available. You won't have to worry about printing issues as our payslips are designed to work with IRIS GP Payroll.

Great low-cost – includes free support!

Prices start from just **£498** for the first year and the annual fee is just **£421**. This includes all your software updates and unlimited phone and online support. Our friendly team of advisors is just a phone call away. (Prices exclude VAT)
