

Access to Tolley Tax Data

Tolley works in partnership with IRIS to provide tax technical information and services to IRIS, its customers, and their employees. The premium tax content is available via IRIS OpenPortal.

We have updated the Tolley tax content in the Accountancy Suite so that you now have access to all the same great tax data and information as before, but instead of waiting for the rates and allowances to be updated each year, we are giving you direct access to a special bespoke version of the TolleyLibrary Light service. This means you can now gain quick and easy access to:

- HMRC Manuals
- UK Parliament Acts
- Tolley's Tax Data

It is also much easier for you to quickly find the answers you need, with the natural language search and dynamic filters within the new IRIS TolleyLibrary Light service. To take advantage of this new service all you need to do is to register for your own personal account on your first visit. Once created you will gain access to the TolleyLibrary Light service within this screen and you can login in to your account at subsequent visits. If you already subscribe to the full TolleyLibrary service, you will now be able to logon and access this via the IRIS OpenPortal.

The login process will be simplified in the next releases so that the account is stored and there is no need to re-enter the login credentials.

Full details can be found here: <https://www.tolley.co.uk/campaigns/partnerships/iris>
