

How will you deal with another lockdown?

In a recent survey of over 400 schools and MATs, over **90%** stated the ability to **access data remotely** would be vital in the next normal.

More than half stated they were putting plans in place to manage future short-term closures.

Do you have the tools at hand to be as flexible as you need to be today?

What do you need?

You need to be **secure:** studies show that **83%** of schools have suffered a cyber-attack. Hackers are likely to take advantage of COVID-19 to target organisations adapting to flexible working

You need to be **flexible:** our situation is changing daily. Your team need to be proactive and able to work from home at a moment's notice

You need to be **efficient:** choose a system which adapts to meet your needs, enabling teams to continue working efficiently and proactively, wherever they are

Cloud-based systems offer the highest possible levels of security, support and 24-7 availability.
