

Many brilliant things happen in the world of accountancy, yet they often get overlooked in industry news coverage.

As the Official Supporters of Accountants, we have the amazing community, Accountants Club which is designed to help you tackle the challenges facing your practice. The network promotes knowledge, insights, and answers to help you grow, scale and reimagine.

We recently held a session by none other than the entrepreneur Daniel Priestley; the co-founder of Dent Global, one of the world's biggest business accelerators for entrepreneurs to scale up and stand out, as well as an accomplished author of four bestselling books on entrepreneurship.

We've had over 1,800 members join already! [Sign up for the club here.](#)

In this edition, you can see how we make this possible including, handy tips, [webinars](#), case studies and software updates. Find it all below!

I hope you enjoy our updates and please drop me a line sometime on [LinkedIn](#) or follow me on [Twitter](#), I'd love to hear from you.

Have a great day.

Jim Scott,

MD of Accountancy

HMRC Pilot for Making Tax Digital for Income Tax Self-Assessment

IRIS is pleased to announce that both IRIS Accountancy Suite and KashFlow have been tested by HMRC and received Production Credentials, which means both products are ready for you and your clients to take part in the HMRC Pilot for Making Tax Digital for Income Tax Self-Assessment. Sign up to the HMRC Pilot must be done with your software provider and not with HMCR direct. We will work with you to ensure you have suitable clients to trial the system, helping you at every stage. This is a great opportunity to get ahead and prepare for this huge change to the tax system, with HMRC aiming to make it more efficient and effective as well as making it easier for taxpayers to get their tax right. If you would like to participate in the pilot send your contact details to MTD@iris.co.uk

How to choose the best Accountancy Practice Management software

Accountancy firms have many filing deadlines for their clients to keep on top of every week. Whether it's monthly payroll submissions, quarterly Making Tax Digital for VAT returns, annual personal or corporate tax returns, or Companies House submissions, there's a lot to track. This means it's crucial to have an efficient and easy way to manage workflows. And that's why many accountants choose to use accountancy practice management software to help them, but how do you know which one is the best for you? Read our blog to find out more
